A letter from the owners of No Limit,
Mike & Morgan Eberhardt

At No Limit Contracting & Sales and No Limit Signature Pools, our mission is to provide our customers with the highest quality product while providing the highest level of customer service — to deliver exceptional craftsmanship and service in every project we build. From custom residential pools and outdoor living spaces to large-scale commercial concrete and hardscape projects, our locally owned and operated company is dedicated to providing quality, reliability, and lasting value.

Our team specializes in commercial and residential decorative and structural concrete, retaining walls, outdoor kitchens, fiberglass pools, and complete backyard transformations. We also serve the commercial sector, offering flatwork, curbs, walkways, foundations, and decorative hardscape for businesses across the Midwest.

No Limit takes pride in being a trusted, turn-key contractor that handles every detail — from design to completion — ensuring every project is built to the highest standard. Whether you're upgrading your backyard or managing a commercial development, you can count on our highly qualified team to deliver precision, safety, and beauty in every pour and every pool.

We stay ahead of the curve with modern materials, proven building techniques, and a commitment to transparent communication every step of the way. Our goal is to make the process hassle-free and efficient, saving our clients time, money, and stress while exceeding expectations.

Custom design consultation and experience is why so many homeowners and developers across the Midwest trust No Limit for lasting results.

CJ Bertagnolli

"Everyone I interacted with at No Limit was fantastic. Communication was great. Job estimation and description of the work to be done with only a few photos was on point. Joe was able to repair a significant leak in my pool that was under the concrete. Will be the first place I call for anything pool or construction related in the future."
